WHY ATTEND

Effective suicide prevention is comprehensive: it requires a combination of efforts that work together to address different aspects of the problem. Julie Ebin, who is the Manager of Special Initiatives at the Suicide Prevention Resource Center, will detail the nine strategies that form a comprehensive approach to suicide prevention and mental health promotion.

SPEAKER BIOGRAPHIES

Guest Speaker:

Julie Ebin is the Manager of Special Initiatives at the Suicide Prevention Resource Center at EDC. Julie oversees training and technical assistance projects for states, Garrett Lee Smith youth suicide prevention grantees, and inpatient hospitals, regarding safer suicide care, surveillance, care transitions, upstream suicide prevention, and more. Prior to joining SPRC in 2011, Julie's work focused on community-level LGBT health promotion and HIV/STI prevention and education, including provider professional education and community organizing. Julie holds a Master's degree from Harvard Graduate School of Education and lives in the Boston area.

ORGANIZATION DESCRIPTION

Guest Organization: The Suicide Prevention Resource Center

The Suicide Prevention Resource Center (SPRC) is the nation's only federally supported resource center devoted to advancing the National Strategy for Suicide Prevention. SPRC is funded by the U.S. Department of Health and Human Services' Substance Abuse and Mental Health Services Administration (SAMHSA) and is located at Education Development Center, Inc.

SPRC provides technical assistance, training, and materials to increase the knowledge and expertise of suicide prevention practitioners and other professionals serving people at risk for suicide. We promote collaboration among a variety of organizations in the field of suicide prevention.

SPRC provides staffing, administrative, and logistical support to the Secretariat of the National Action Alliance for Suicide Prevention (Action Alliance), the public-private partnership dedicated to advancing the National Strategy for Suicide Prevention.

SPRC also provides support for Zero Suicide, an initiative based on the foundational belief that suicide deaths for individuals under care within health and behavioral health systems are preventable. The initiative provides information, resources, and tools for safer suicide care.

Webinar Host Organization: The National Center for Fatality Review & Prevention

The National Center for Fatality Review & Prevention (NCFRP), a program of the

Michigan Public Health Institute (MPHI), is funded by the U.S. Health Resources & Services Administration Maternal and Child Health Bureau to provide training, technical assistance, and data services to CDR and FIMR programs around the country. The Center uses on-site and remote consultations, web-based trainings, and an interactive website to support review programs. The Center also develops and disseminates materials. Support focuses on assisting teams to improve their effectiveness in moving from review findings to policy, practice, and prevention improvements. NCFRP also works with numerous national partners to help translate review recommendations into action.
